The historical detail and racy romance keeps me returning to Bertice Small's novels time after time. Defendants offset one-time gains against items that should have been reported as operating expenses in current or prior periods and thus concealed the impact of their fraudulent accounting and the deteriorating condition of the Company's core operations. It would be too easy for any writer approaching the same subject to employ a semi-realist Orwellian tone, but this novel takes the humorous low-road A funnier, yet at the same time more-terrifyingly horrific satire of the US's twin obsessions with 'Wars On' and 'Fatness' has yet to pass before my eyes.

Since there had been a long and dark shadow across his life:  
syphilis. British historian George Macaulay Trevelyan wrote  
that practically both statements are equally true. Just as  
John the Baptist was a forerunner of Christ, who preached  
before Christ began his public ministry, there will be another  
man in the spirit of Elijah, one of the two witnesses of  
Revelation, who will preach and prepare the way for the second  
advent of Christ. Possibly the first-ever novel completely set  
in Buffalo, this rags-to-riches story centers on a young man's  
business career. The book also caters for special  
circumstances in health that may alter a patient's  
requirements, with appendices giving need-to-know instructions  
for a number of specific cases.
